

## PEREMPTORY PUNISHMENT

### Stern Sentence of the Stanford Faculty.

### SUSPEND THE PARADERS

### Plan Proposed Which if Carried Out Will Result in 250 Students Leaving University.

### CALL ATTENTION OF TRUSTEES

### The Number of Signatures to the Agreement Has Not Quite Reached the Required Number, But Names Are Being Rapidly Added.

### STANFORD UNIVERSITY, CAL.

March 26.—At a meeting of the student body this afternoon, a plan was proposed which, if carried out, will result in 250 students leaving the university as a protest against the action of the committee in suspension and the punishment of the paraders. This plan, which was proposed by Baseball Captain Kenneth Fenton, of Portland, is in the nature of an agreement which, if signed by 250 or more students, obligates them to apply for dismissal cards and leave college in order to demonstrate that the issues between the students' committee and the faculty is one of principle, for which the students are ready to sacrifice their college career. An additional motive in the proposed action is to call the attention of the university trustees to the fact that the situation here is of sufficient importance to demand their immediate action.

The number of signatures to the agreement has not quite reached the required number, but names are being added rapidly, and it seems probable that before Saturday, which is the day set for the agreement to go into effect, 250 will have signed. In case that number is not secured it is probable that only a few of the most radical will leave. The meeting today was the most stormy in the history of a student body and lasted three hours. When the meeting was called, Student Body President Murphy declared that he wished the fullest discussion and hoped that no action would be taken until the situation had been fully analyzed. He was greeted with cheers. Fenton's address was couched in the most vigorous terms. He called upon the students to display their independence against the faculty injustice and insisted that there was no honorable course open except their withdrawal from the university. In conclusion he offered a resolution which he stated had been prepared by a number of prominent men last night. He pleaded for 250 signers and many of those present presented themselves at once. Ed Koener, the football star, and one of the suspended men, was the next speaker. His remarks were almost as radical as Fenton's and he declared that if a heavy proportion of men left the university, the situation would be put up to the trustees in an unmistakable manner that could not be ignored. All the speakers were frequently interrupted by noisy demonstrations of approval. Many of the others counseled moderation, arguing that leaving the university would accomplish no good and that the men would only sacrifice themselves. After a short meeting of the executive committee held immediately after the meeting, it was decided that the track meets be held with California regardless of the outcome of today's action. The signers of the agreement include

many prominent athletes and it will seriously cripple the teams if it goes through. The baseball team may be reorganized though Fenton declares he will not remain in the university.

### STANFORD UNIVERSITY, CAL.

Mar. 26.—The long delayed action of the faculty committee on student affairs of Stanford University came yesterday when the suspended ax was swung with a vigor unheard of at this university and with results which have complicated the situation almost beyond comprehension. In addition to the seven upper class men who were included in the first twelve students suspended for participation in the parade of March 12, thirty four names have been added to the list of fatalities, and more than 100 sophomores and freshmen have been penalized by the imposition of added graduation requirements which, in many cases, amounts practically to a suspension.

In the list of those suspended are the most prominent seniors and juniors of the campus community including four athletic captains, several track team members and two baseball players.

President A. A. Murphy of the associated Students has called a mass meeting for 1.15 o'clock tomorrow in the Assembly Hall, when action by the students is expected.

The second year men have been penalized ten university credits which represents at a minimum two thirds of the work which it is possible for students to accomplish in a half college year and is therefore practically a suspension. The freshmen were penalized half this amount. The same method of discipline extended to the original 12 has been accorded to other paraders who signed the petition.

Following are the names of 39 of

(Continued on page 8.)

## CANDIDATE CANNON

### Republicans of Illinois Stand Loyal by Him.

### FOUR DELEGATES AT LARGE

### It Has Been Confidently Asserted by the Platform Builders That a Resolution Would Favor the Adjustment Instead of a Revision of the Tariff.

### SPRINGFIELD, March 26.—

The Republicans of Illinois today endorsed Joseph C. Cannon as a candidate for the presidency, declared for the revision of the tariff and elected four delegates at large to the National convention. The administration of Governor Deneen was also endorsed and that of all the State officers. For the last two days it has been confidently asserted by the platform builders that a resolution would favor the adjustment instead of a revision, it being the idea that revision is generally accepted as meaning reduction, while re-adjustment might mean the raising of some schedules as well as the lowering of others. In the last moment, however, Congressman Boutell arrived from Washington, where he had been in consultation with Speaker Cannon and other Republican leaders and the plank adopted today was the result. The Cannon men had things all their own way and there was not a whisper of opposition.

### IMMENSE PETITION.

### George S. Shepherd Yesterday Filed His Petition.

SALEM, March 26.—George S. Shepherd, candidate for the Republican nomination as Representative in Congress today filed his petition containing 1,788 signatures, representing 14 out of the 16 counties in the district. Multnomah leads with 1,260 names. The number necessary to be obtained in the district is 567.

## FISH WARDEN McALLISTER

### Appointed by Fish Commissioners.

### TO SUCCEED VAN DUSEN

### New Appointee is a New Comer to Oregon and Not Identified With Either Faction.

### FIFTEEN ACTIVE CANDIDATES

### Upon the Request of Mr. Van Dusen the Governor Is Authorized to Appoint an Accountant to Expert the Books—Work to Be Done May 1.

### SALEM, Or., March 26.—

After many months' deliberation and discussion, during which they have been beset upon all sides by a multiplicity of candidates and interests in the fishing industry, the State Board of Fish Commissioners has finally arrived at a conclusion in the matter of the selection of a successor to Master Fish Warden H. G. Van Dusen, and this morning announced the appointment of H. C. McAllister, of Portland, to take effect May 1. The appointment was made during a closed session of the board last evening, but owing to a desire to have the records made straight it was decided to withhold the formal announcement of the selection until today. The election of Mr. McAllister was unanimous.

It has been known for the past year or more that Mr. Van Dusen was slated for removal, because of a conflict of interests on the upper and lower Columbia river over the enforcement of protective and artificial propagation laws for the perpetuation of the salmon industry, in which Mr. Van Dusen was made the brunt of bitter animosity between the fishermen and packers on the upper and lower Columbia, but the board had been unable to agree upon a man suitable to all concerned until yesterday. Mr. Van Dusen has worked hard to retain the position, and put in almost the entire day yesterday and Tuesday before the board, explaining his policy in regard to the enforcement of fishing laws. Mr. Van Dusen's shadow had scarcely passed beyond the portals of Governor Chamberlain's department when the members of the board put their heads together and settled the matter.

There were 15 candidates for the job, all of whom were given due consideration, but the most prominent were W. P. Andrus, a deputy in the office of County Clerk Fields, of Multnomah; former Deputy Fish Warden H. A. Webster, of Estacada; W. C. Babcock, of Oregon City, and J. U. Campbell, of Oregon City.

Although practically a stranger in this State, having come to Oregon from the East but two years ago, Mr. McAllister is looked upon as a suitable man for the position, particularly since he is not identified with any of the contending interests in the fishing industry. He is a member of the Travelers' Protective Association, and his election was strongly urged by that body. He was the choice of the entire board and Governor Chamberlain was strongly in his favor.

### RESIDENCE DYNAMITED.

CHICAGO, Mar. 26.—The residence of John Koppleman at Lake Station Ind., on the Michigan Central Railroad, was wrecked by a dynamite bomb Tuesday night presumably by persons whose enmity he incurred by ridding that section of the country of slot machines.

Koppleman and his aged mother, Mrs. Emma Koppleman, were the sole occupants of the house. She was slightly injured by flying splinters and breaking glass, but the son escaped unhurt.

The latter expressed the opinion that the gambling interests of Gary were responsible for the deed. Yesterday the balance of the 200 villagers were of the same belief.

Koppleman said he would dispose of his grain and farm and stock at public sale next Tuesday and take up a residence elsewhere.

### INTERCOLLEGIATE DEBATES.

SAN FRANCISCO, Mar. 26.—Teams to represent the University of California in the intercollegiate debates with Stanford and the University of Washington have been chosen in a series of try-cuts as follows: For the Stanford debate to be held April 18 at Palo Alto—M. E. Harrison, Cayre McNeil and Chas Kasch a freshman from the Alameda High school, Jesse Robinson, alternate. All the men on this team with the exception of Kasch are seniors in the university for the Washington debate to be held April 17 at Seattle, W. H. Pillsbury and Stuart O. Melviny.

### CAPTAIN HANSEN RESTORED.

SAN FRANCISCO, March 26.—Supervising inspector general of the steamboat service Uher has ordered the restoration of Captain Maginnis Hansen to duty. Hansen was master of the San Pedro when she collided with the steamer Columbia. Uher says that the proceedings under which Hansen was suspended were irregular. He has served seven months of the 12 for which he was suspended and the department feels that he has been punished enough.

## SUNDAY CLOSING

### Election Commissioners Decision Reversed by Court.

### METHODIST PASTOR'S ACTIVITY

### The Hearing of the Case Took Place Before Judge Walker in the Circuit Court—Preacher's Comments Land Him for Contempt Proceedings.

### CHICAGO, March 26.—

The Rev. A. Lincoln Shute, pastor of the Wesley Methodist Episcopal Church, and one of the leaders in the Chicago Law and Order League, took the center of the stage yesterday in the hearing of the case to compel commissioners to put the Sunday closing question on the ballot.

Mr. Shute expressed himself freely yesterday on the decision rendered Tuesday by Judge Charles M. Walker of the Circuit Court. Judge Walker decided the Sunday closing question should be placed on the "little ballot," thus reversing the decision of the election commissioners. The action of the judge moved Mr. Shute to say that the court's order is "treason and anarchy," etc.

The little ballot case is still in Judge Walker's jurisdiction and yesterday, when his attention was called to the preacher's comments, he summoned Mr. Shute to appear before him today and show cause why he should not be punished for contempt of court.

The whole comment of Mr. Shute was as follows: "Judge Walker's decision is neither in conformity with law nor good sense; it is treason and it is anarchy. Such decisions as this merely serve to make a mockery of justice for in such court rulings is sown the real seed of anarchy. The men, the Mayor or the judge who will authorize the placing upon an election ballot for the proposition, 'Shall the law be upheld,' is a far worse lawbreaker

## TO CONSIDER BOND ISSUE

### Stockholders of Union Pacific Will Meet.

### COVER FINANCIAL NEEDS

### The Amount and Purpose of Proposed Bond Issue Was Not Made Public.

### \$40,000,000 TO \$50,000,000

### The Request Made by Stockholders to Bring Suit Against E. H. Harriman, H. H. Rogers and James Stillman to Recover Profits Refused.

### NEW YORK, March 26.—

The stockholders of the Union Pacific Railroad Company will meet May 5 to authorize an issue of bonds to be secured by a mortgage on all the lines of the Union Pacific which are now unmortgaged. These lines aggregate 1,650 miles. The amount and purpose of the proposed bond issue was not made public, but it was currently reported that it would be for \$40,000,000 or \$50,000,000. This, it was said, would be sufficient to cover the company's financial needs for some time and it was expected that only a portion of the issue would be made in the near future.

The directors by vote today declined to grant the request made by certain stockholders that the board of directors bring suit against E. H. Harriman, H. H. Rogers and James Stillman to recover their profits, which they are alleged to have derived from the sale of the stock of the Illinois Central Railroad Securities Company and the St. Joseph and Grand Island Railroad to the Union Pacific system. In giving their reasons for their refusal to bring the required action, the directors stated that the interests of Harriman, Rogers and Stillman in the stock of the Illinois Central and of Harriman in the stock of the St. Joseph and Grand Island were fully disclosed to the directors before the transaction, and the purchase unanimously authorized by the other members of the board, while Harriman, Rogers and Stillman were excused from voting on that subject. It was also stated that the directors had investigated the proposed purchases through a committee who knew the facts and advised the purchase.

### SENATOR SMITH SEATED.

WASHINGTON, March 26.—Although the Senators went to the capitol today expecting to devote their time to considering the currency bill, their attention was diverted to the credentials of Senator-elect J. W. Smith, of Maryland. The result of a long debate was the admission of Smith to his seat. The currency bill was then taken up and the amendments considered.

### SENATOR PENROSE FAILING

PHILADELPHIA, March 26.—The attending physicians tonight issued the following bulletin regarding the condition of Senator Penrose: "The Senator has failed to make any progress toward improvement during the day and his condition remains critical this evening."

### SEPARATED THIRTY YEARS.

NEW YORK, March 26.—Reunited after a separation of more than 30 years, James W. Henshaw and Mary E. Henshaw are celebrating at their home on East Twenty-first street the home coming of their brother, Alfred Henshaw, who had long been regarded as dead. The two brothers were parted 32 years ago, soon after they had been placed in the home for the friendless in this city. Alfred was adopted by a family in Thompson, Conn., whom he left when grown, to make his own living. James Henshaw some time ago began a search for his brother, which finally resulted in success. There are six living children in the Henshaw family, three in the West and three others in this city. James W. Henshaw is one of the custodians of the appellate division court on Madison avenue.

### TROOPS FOR TREADWELL.

SEATTLE, March 26.—Troops have been ordered from Fort Seward at Haines, Alaska, to preserve order at the Treadwell mines on Douglass Island where 800 miners have gone on a strike. The miners have threatened to blow up the works if the troops are ordered on the island. They stole 10 kegs of dynamite today from the mine stores. Advices state that no serious disturbance has occurred yet.

### TOBACCO WAREHOUSE BURNS

COVINGTON, Ky. Mar. 26.—The leaf tobacco warehouse of T. S. Hamilton and Company at Fourth and Bakewell Streets was destroyed by fire early today entailing a loss estimated at \$150,000. The fire is thought to have been incendiary origin. Five residences and a saloon were also destroyed.

## SHAFTS OF SARCASM

### Aimed at President Roosevelt in the House.

### MOST SCATHING ARRAIGNMENT

### Beall, of Texas, Charged the President With Having Been Guilty of "a Disgusting Usurpation of Power" From the National Legislature.

### WASHINGTON, March 26.—

More shafts of invective and sarcasm were aimed at President Roosevelt in the House today. In one of the most scathing arraignments of a public officer ever heard in that chamber, Beall, of Texas, charged the President with having been guilty of "a disgusting usurpation of power," not only toward the national Legislature, but the judiciary as well. Congress had, he said, abdicated to him its powers, and the judiciary felt the effect of his influence. God and the future alone knew, he declared, just what niche he was to occupy in the temple of his country.

When the agricultural appropriation bill was read for an amendment today, Beall endeavored to have inserted as a new proposition his bill prohibiting the dealing in futures in agricultural products, but the chair sustained a point of order against it. Scott, who is in charge of the bill, expressed his entire sympathy with the proposition which, however, he insisted should be acted on separately. Many of Illinois, raised a storm of discussion by directing attention to the fact that all of the eighteen new weather stations provided by the bill were to be placed in states having a representation on the agricultural committee. Scott, however, maintained that all of them were placed in the bill on the recommendation of the Secretary of Agriculture and the chief of the weather bureau. On a point of order the several new stations were stricken from the bill.
